Caribbean regional shipping: studies, reports and decarbonisation policy, 1997–2026

Compiled by Champion Maritime Limited | Revised 1 November 2026 | 50 references

Published studies, reports, programmes and selected commentary on intra-regional Caribbean shipping and connectivity, grouped by sponsoring institution, together with IMO and EU decarbonisation policy documents and selected Pacific SIDS comparators. Listing a document does not imply its authors or sponsors endorse Alpha Zulu RoPAC. Historical initiatives and editorial commentary are identified as such.

Inter-American Development Bank

1. CPCS with Trevor Hamilton & Associates. Short Sea Shipping Network and Finance Model for the Caribbean. IDB Technical Note IDB-TN-1419, 2018. Network study and scenario analysis for Eastern Caribbean short sea shipping, including less-than-container-load cargo and south-to-north service.
